Dear Valued Patient, Family Member, and Visitor,

We are honored to support you during this time and extend our warmest wishes for a comfortable stay, a smooth recovery, and a positive experience with us.

At Al Wakra Hospital, we are deeply committed to delivering care that respects each patient's comfort, privacy, and personal preferences. Your dignity and individual needs are at the heart of everything we do.

Please note that, in accordance with our care and privacy standards, only the patient or a legal guardian if the patient is unable to make decisions, is authorized to discuss medical information with the healthcare team. This designated individual is also responsible for coordinating visitation and may appoint a trusted family member or friend to support the patient in both clinical and non-clinical aspects of care during the hospital stay.

To help us provide care that reflects your needs and preferences in the safest and most compassionate way, we kindly ask that you download, complete, and bring the following documents with you to your hospital visit:

- **My Care Passport**
Your personal guide to what matters most. Bring this with you to every visit, it's your voice in your healing journey.
- **SAHL-E Tool**
A short assessment that helps us understand your comfort level with common health terms, so we can better support your understanding.
- **Engaging in Your Care Experience**
A helpful guide to better understand your role in the care process and how to actively participate in decisions about your health.

Your care, safety, and wellbeing are our highest priorities.

If you need assistance with booking your appointment, please contact Nesma'ak Customer Service at 1 6060. For calls from outside Qatar, dial +974 4406 6460.

We're here for you every step of the way.
